Subject: RE: Bristol Bay Career Leadership Bi-weekly Check-in

Hi Dan—Cara called me last night and we talked this over. I think there is great misunderstanding about the team's intentions. In my mind, this is as much for Chris as it is for us. This isn't about the concerns in the FEIS letter—this is an explanation of all the problems we have if we don't send one. I'm not sure Chris is aware of all of them—I certainly wasn't until I listened in on that call.

I'll state the obvious; we suffer immensely because leadership frequently miss those senior leadership calls. I have said this before in my career and I'll say it again: EPA pays all of us a lot of money to do our jobs—we should be allowed to do them. Senior managers can make whatever decision they want with what is provided to them from all of us doing our jobs—that is always their prerogative.

Folks – Please do stand down for now on efforts related to further document EPA's position. The current draft letter remains in play among decision-makers, from what we understand, and I don't see us affecting the pace of deliberations in the very near term, so let's plan to convene again early next week per Beverly's message.

Subject: RE: Bristol Bay Career Leadership Bi-weekly Check-in

Hi folks,
I know that this Wednesday's Bristol Bay check-in meeting didn't have the full engagement of Dan, Andrew, and myself because of a conflict with an Executive Team meeting. It would be preferable if we could find time early next week after the holiday weekend to reconnect and talk through next steps to ensure we are on the same page. A conversation will be a good way to address the sensitivities around this matter. Thanks.

Beverly
